"True Measure"

-Unknown-

*How long we live is not for us to say,
We have years ahead or just a day.*

*The length of life is not of our control,
but the length is not the measure of the foal.*

*Not length but width and depth define the span
by which the world takes the measure of a man.*

*It matters not how long before we sleep,
But only how wide is our life—how deep.*
